Stakeholder consultation on the Afry's report on electricity adequacy solutions

We kindly ask you to submit responses to the consultation questions by email (strateginen.verkkosuunnittelu@fingrid.fi) by 18th of August 2023. Fingrid handles the responses with confidentiality. Fingrid will publish the names of the organizations and summary of the consultation responses that won't reveal the answers of single organizations. If you have questions regarding the consultation, please contact Laura Ihamäki (laura.ihamaki@fingrid.fi).

1. Do you agree on the electricity adequacy concerns presented in the report? When do you see the challenges to realize?
2. How would you comment the Fingrid's Forecast projections
 - a) on electricity generation
 - b) on increase in the electricity consumption
 - c) on the development of flexibilityin the 2020s in Finland?
3. How would you comment the suitability of the different adequacy solutions presented in the Afry report to the adequacy concerns in Finland (i.e. pros and cons)?
4. What kind of other adequacy supporting solutions do you see that would be suitable for Finland?
5. What kind of time horizon do you see for the implementation of the solutions, which one or ones would be suitable as interim solutions presented in the figure 12 of the report?
6. What would be a reasonable cost for securing the electricity adequacy? How should it be financed?
7. Do you agree on the arguments of the inefficiency of the current strategic reserve scheme used in Finland? What kind of development needs there is to the current scheme?
8. What expectations do you have for the future work in Finland concerning electricity adequacy?
9. Other comments related to the topic.
